Quick Meal Gas Stoves and Ranges

GAS WATER HEATERS INSTANTANEOUS WATER HEATERS

In all sizes and styles, from the smallest to the largest, from the cheapest in price to the highest in quality, for families, hotels or restaurants : : : More Quick Meal Gas Stoves are used in St. Louis than all other gas stoves combined, for the reason that they use so little gas and are so easy to regulate and keep clean, because they have removable drip pans and heavy, strong, removable burners. Their walls are made of extra heavy steel, lined with heavy asbestos, which makes them durable and economical in the use of gas.

...QUICK MEAL...

They are as represented: not the cheapest, but more durable, more economical and more generally satisfactory than any other make. There is neither bother nor expense to you for running the g as pipes or connecting the range : : :
